Make Your Kids Expert Campers *Buck Wilder's*

Small Twig Hiking & Camping Guide, by Tim Smith and Mark Herrick (Buck Wilder Books, \$12.95), is not only a guide for

children on where to go—eight areas from coast to coast are highlighted—it's also a fun, back-to-basics read on everything your child needs to know about spending the night in the great outdoors. "Buck" tells kids how to pick a camp site, pitch a tent, avoid getting lost, make a hiking stick and build a campfire. There's even storytelling and sing-alongs. Your kids will love the book; more importantly, they'll come away from it with knowledge that will make them great helpers on your next camping trip. Call 800-994-BUCK or 616-938-4434
